Students, parents and the community benefit in a number of ways through Innovation Zones. Zones create a bottom-up decision making process as well as provide more ways for parents to become involved in the process. In addition, the Zones have streamlined operations, created attentive administrations, and localized chains of command. By using Innovation Zones to decentralize the school system rather than breaking it into smaller districts, we remain powerful enough to meet the needs of all our students.

The members, who represent the District's stakeholders, contribute invaluable services to BCPS by serving as subject matter experts in their respective advisories or committees.

ROBERT'S RULES OF ORDER

- Robert's Rules of Order are guidelines on how to run a meeting
- The meeting structure according to Robert's Rules of Order is dictated by an agenda
- An agenda is a list of items to be discussed in chronological order
- Creating an agenda also protects a new item from being added once the meeting has begun and helps maintain the flow of the meeting
- Must provide an agenda and minutes

**HOW
Advisories
Operate**

MOTIONS

What is the purpose of making motions?

A motion is a formal proposal by a member to do something. Motions are the basis of the group decision-making process. They focus the group on what is being decided.

1. A motion is made at a meeting when a desired action is requested.
2. Motions typically start at a school or any advisory.
3. At a School Advisory Forum meeting a topic brought to the table is often discussed and a result of that discussion is formulated into a motion.
4. If the body votes in favor of the motion and it requires additional action, it passes to the principal or the area for consideration.
5. To vote at any meeting, members must sign in, present proof that they meet the voting membership requirements, if requested.

**HOW
Advisories
Operate**

MOTIONS

The Chair recognizes the member wanting to make a motion.

- It is suggested that the presenter put the motion in writing.

Making the Motion:

- Always state a motion affirmatively. Say, "I move that we ..." rather than, "I move that we do not ...".
- Another member will second the motion or the Chair will call for a second.
- When a second has been made the Chair will open the floor for discussion.
- An amendment can be made anytime while the motion is on the floor, the amendment must have a second to proceed.
- The amendment must be voted on first. Then the main motion.
- If there is no second to the motion, it is lost. There is no further discussion.

Advisories
Operate**
